

DIRECT MOUNT CANOPY

Our first totally 'bracket-less' canopy, the structure of the Direct Mount Canopy is folded into the single sheet of metal from which it is fabricated. It is then attached directly to a surface of the building without the need for brackets, reducing or eliminating penetrations through the waterproofing system.

These drawings can not be used for the purposes of soliciting, negotiating, procuring, fabricating or otherwise obtaining quotes from other vendors. They are the sole and absolute property of BOK Modern and may only be used by or under license from BOK Modern.

Any reproduction, distribution, modification, public display or representation of the content in these drawings, in part or as a whole, in any medium, without the prior express written consent of BOK Modern LLC is strictly prohibited and may result in legal action.
